

Procurement — Auto-Approval Policy

Purchase requests submitted through the procurement system are auto-approved when ALL of the following conditions are satisfied:

1. The request amount is strictly less than 5000 USD.
2. The request category is NOT `consulting`.

Requests that fail either condition require manual review by the procurement team. The auto-approval thresholds are reviewed annually each November.

The policy applies to standard purchase requests only. Special vehicles (e.g. travel, equipment refresh) are governed by separate rules in the compliance handbook.
